Making Fine Chocolates Since 1892  
At Asher's Chocolates, we understand that one of life's sweetest pleasures is a simple box of chocolate. Asher's is a family-owned and operated business, and we've been making our fine chocolate and other classic confections for over four generations. Just like Chester Asher did, we use the freshest and finest ingredients around, and that has lead to us sticking to the same recipes for over 100 years!
